Blue Cross Dental plans include coverage for certain pediatric dental services. This plan is not exchange-certified and does not qualify as the pediatric dental essential health benefit under the Affordable Care Act.

If the dentist you visit is part of your Preferred Plan network, you'll receive richer benefits than if you see a dentist who is not part of your network. The Preferred Plan provides coverage for preventive dental care, including exams and cleanings at 100 percent when you see a dentist in the network. There is no deductible for preventive services. This plan also provides coverage for a full range of other dental services.

In addition, you receive a discount for services not covered by your plan when you see select dentists in the network. About 90 percent of network dentists participate.

As a Blue Cross Dental member, you'll have access to the United Concordia Advantage Plus 2.0 national network, one of the nation's largest dental networks.

To find participating dentists, visit bluecrossmn.com/findadentist. Those with a black box (■) or "Save!" symbol next to their name indicate they provide discounts for services not covered by your plan, such as when you exceed your annual maximum.

For specific coverage details, talk with your benefit administrator, sign in at bluecrossmnonline.com or call customer service at the number on your dental ID card.

*Immediate coverage available for groups with 25 or more enrolled. Groups of 10 or more enrolled are eligible with proof of previous ortho coverage. Dependent children to age 19.

Plans with orthodontic benefits are available to groups of 10 – 24 enrolling subscribers that did not have previous orthodontic coverage after 12 months of Blue Cross Dental plan coverage.

There is no benefit waiting period. Your coverage begins on the first day of your plan's effective date.

When members receive services from nonparticipating providers, they are responsible for the difference between the allowed amount and the billed charge.

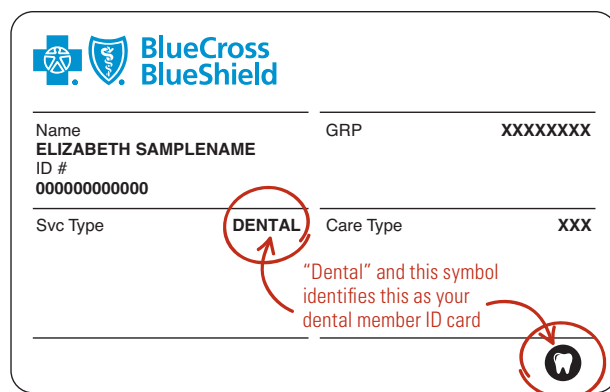

This plan provides dental coverage only. Your dental plan's benefit booklet will provide a detailed description of the coverage and contain more details on standard plan exclusions and frequency limitations. You may enroll in a Blue Cross Dental plan at any time. Coverage is generally effective the first of the month following approval of the application.

YOUR NEW MEMBER ID CARD

When you've enrolled in a Blue Cross Dental plan, you'll be sent your new Blue Cross Dental member ID card. If you also have a Blue Cross medical plan, you will have an ID card for your dental plan and a separate ID card for your medical plan. Use your dental ID card when you want to access benefits through your dental plan.

United Concordia Companies, Inc. is an independent company providing dental benefit management services and access to the Advantage Plus 2.0 network. Each dental provider is an independent contractor and not our agent. It is up to the member to confirm provider participation in their network prior to receiving services. Consult our online provider directory at bluecrossmn.com/findadentist to search for a dentist. Dentists with a black box (■) or "Save!" symbol next to their name accept allowances for services not covered by the benefit plan, including services rendered after the annual maximum has been exceeded; not available in all areas.
